## The Coolest Wine Labels For 2014

By Katie Kelly Bell, Contributor

It's time for the coolest wine labels slideshow—an annual, and sometimes bi-annual, collection of wine labels that go above and beyond, delivering a “wow” factor that makes them as much fun to look as as they are to consume.

In this year's selections we have labels from production designer, Dean Tavoularis, who worked with Francis Ford Coppola on *The Godfather*. Tavoularis is now contributing his genius to Coppola's reserve wine labels. There is also a label from Brooklyn-based tattooist and contemporary artist Scott Campbell; a set for dog lovers, and some gorgeous Delft Blue designs for sparkling wine from South Africa. You'll also see one in handcrafted leather and the winners of a label art contest sponsored by Folio Wine Partners and Hyatt Hotels. As always, if you have a candidate that you feel should be considered, please do pass that information along or comment on this post.
